

2010-11 CLASS SCHEDULE

www.homeeducationpartnership.com

Art

Elementary Art (3-5th grades) – Beth Bishop; Wednesdays; 9/1-11/17/10 and 1/19-4/13/11; 10:45-12:15pm. During this yearlong course, students will experiment with various art forms including: color theory, drawing, painting, and various kinds of sculpture. The purpose of the course is to introduce students to art and to stimulate an interest in art. A supply list will be posted on-line before class begins. Come prepared with a sketchbook and drawing pencil (2B).

Cost: \$475; after 7/4 \$485; after 8/4 \$495

High School Art 1 (6-12th grades) – Beth Bishop; Fridays; 9/3-11/19/10 and 1/21-4/15/11; 1-4pm. During this yearlong course, students will explore the elements of art: color, line, form, space, value and texture and discover how they were used throughout history and how they can be used today. Students will create their own artworks with a selection of different media and techniques in the areas such as: watercolor, acrylics, pencil, pen and ink, textiles and sculpture. During the fall semester, students will focus on the basics of drawing and in the spring, students will work on color theory and experiment with acrylic paint. Each semester counts ½-credit on the high school transcript. A supply list will be posted on-line before class begins. On the first day, come prepared with a sketchbook and drawing pencil (2B).

Cost: \$495; after 7/4 \$505; after 8/4 \$515

Advanced High School Art (6-12th grades) – Beth Bishop, Wednesdays; 9/1-11/17/10 and 1/19-4/13/11; 1-4pm. During this yearlong course, students who have completed one year of high school art will continue exploring the elements of art: color, line, form, space, value and texture and discover how they were used throughout history and how they can be used today. Students will create their own more advanced artworks with a selection of different media and techniques in the areas such as: watercolor, acrylics, pencil, pen and ink, textiles and sculpture. Students may take this course multiple times for Art 2-4 credits; each semester counts ½-credit on the high school transcript. Each year students will continue to advance by working on different projects and experimenting with different media. A supply list will be posted on-line before class begins. Come prepared with a sketchbook and drawing pencil (2B).

Cost: \$495; after 7/4 \$505; after 8/4 \$515

Beginning Sculpture (5-12th grades) – Beth Bishop; Thursdays; 9/2-11/18/10 and 1/20-4/14/11; 3:15-4:45pm. This yearlong course will introduce the student to the basic techniques of sculpture as they work with clay. Students will explore shape, form, and texture. Students will need to bring a sketchbook and drawing pencils every week.

A supply list will be posted on-line before class begins. Taught by an experienced artist, this class may count as ½-credit each semester on the high school transcript (for 8th-12th graders). The cost includes \$20 to cover supplies.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

New Course!

Drawing (6-12th grades) – Beth Bishop; Fridays; 9/3-11/19/10 and 1/21-4/15/11; 10:45-12:15pm. This yearlong course will introduce the student to the basic techniques of drawing by using the book *DRAWING ON THE RIGHT SIDE OF THE BRAIN*. Students will need to bring a sketchbook and drawing pencils every week. A

supply list will be posted on-line before class begins. Taught by an experienced artist, this class may count as ½-credit each semester on the high school transcript (for 8th-12th graders).

Cost: \$475; after 7/4 \$485; after 8/4 \$495

Business Administration

Accounting 101 (9-12th grades) - Paige McFall; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 1-2:30pm. Do you hope to own your own business some day? Or do you want to know more about Accounting as a future career? This yearlong course will introduce you to the fundamentals of accounting, including the basic knowledge that you will need to set up and maintain the accounting records for a small business. Taught by a CPA, this course will also help you learn about real-world problems that small businesses encounter and the ways that a well-designed accounting system can help the business run more smoothly. Each semester counts as 1/2 credit on the high school transcript.

Required materials: the Alpha Omega Accounting Program.

Cost: \$475; after 7/4; \$485; after 8/4 \$495

New Course!

Business Law (9-12th grades) – Joanne Juren; **Tuesdays;** 8/31-11/30/10; 1:15-2:45pm. Crimes, torts, criminal and civil trial procedures, contracts, employment laws dealing with minors, renting, marriage and divorce laws, and current cases in the news are just a few of the interesting topics covered in Business Law. Several guest speakers and at least one field trip outside of the regular class time will expose the student to various aspects of the legal system. This course counts as ½ credit on the high school transcript. Required materials: TBA.

Computer Science

New Course!

Word Processing (7-12th grades) – Barbara Gorman;

Wednesdays; This short eight week class focuses on learning the powerful tools in Microsoft Word. Students learn how to make the best use of one of today's most widely available word processing applications. The art of touch-typing and basic document formatting will also be primary foci of this course. Know what that MLA paper is supposed to look like, but not sure how to get it there? Want to start a newsletter for your youth group or club, but not sure how to get that right touch? This class will help you! There will be homework assignments requiring the availability of Microsoft Word and internet access. Students will need a USB drive, small three ring notebook and a materials packet that can be purchased at HEP.

Cost: \$160; after 7/4 \$170; after 8/4 \$180

Section 1: 9/1-10/20/10; 9-10:30am

Section 2: 1/19-3/9/11; 9-10:30am

New Course!

Graphics (7-12th grades) – Barbara Gorman;

Wednesdays; 10/27-12/8/10; 9-10:30am. Learn to work with a graphics program during this fun six week course. Learn techniques to change graphics and stimulate your creativity. This is a good starting point for future graphic artists or someone just wanting to do creative things with pictures for use in emails, web pages, letters, and newsletters. Students will need a USB drive, binder, and a collection of non-copyrighted photos.

Cost: \$120; after 7/4 \$130; after 8/4 \$140

New Course!

PowerPoint (7-12th grades) – Barbara Gorman;

Wednesdays; 3/23-4/27/11; 9-10:30am. Learn how to put together powerful and dynamic electronic presentations during this short six week course. Microsoft PowerPoint is a deceptively simple presentation design application that, once learned, can be harnessed to turn boring cluttered presentations into almost anything you can imagine. This is a must have course for college bound students. PowerPoint availability at home is required. Students will need a USB drive, a binder, and a collection of non-copyrighted graphics (photos) to use.

Cost: \$120; after 7/4 \$130; after 8/4 \$140

Registration starts 6/1/10 at 10am at HEP Bookstore

Culinary Arts

New Course!

Culinary Arts – (9-12th grades) – Executive Chef Karen

Freeman CCP/IACP; **Thursdays; 9/2/10-11/18/10 and 1/20-4/14/11; 1-4pm.** Crostini, Aioli, Tapenade, Fondue...Culinary

holds a language all its own. Unravel the mystique of the

Culinary world by learning the techniques and methods that turn food

into art. Taught by a European-trained Chef with American influence, the course will teach the basics of Culinary Design to enhance knowledge and enjoyment of the world of Food! Topics include: career building, knife skills, food & kitchen safety, menu planning, nutrition, spices & herbs, sauces & emulsifiers and more. An **Iron Chef** event is planned as the final. Culinary equipment & some experience required--see Chef for list of equipment. Cost of the course includes all foods used in class.

Cost:

\$575; after 7/4 \$585; after 8/4 \$595

Driver Education

New Course!

Driver Education (ages 15 and up) – HEP offers three different choices for Driver Education. See www.driveredinaboxstore.com for more information!

Select Program – Using DRIVER ED IN A BOX® at home, the parent will teach all of the Driver Ed course. The course consists of 35 classroom hours and 50 hours behind-the-wheel training for the student. The Certificate of Completion for the driver license is issued by Driver Ed in a Box® upon course completion. The product is available at HEP's Driver Ed in a Box Store for \$387.

Elite Program - Using DRIVER ED IN A BOX® at home as in the **Select Program**, the parent will teach most of the course at home with three hours of professional instruction in-vehicle provided by the Texas Education Agency licensed Driving Professionals at HEP's Driver Ed in a Box Store. (Additional time with the Driving Professional may be purchased.) The Certificate of Completion for the driver license is issued by Driver Ed in a Box® upon course completion. The product is available at HEP's Driver Ed in a Box Store for \$584.

Premier Program – Using DRIVER ED IN A BOX® in a classroom setting, the in-vehicle training will also be done with a Texas Education Agency licensed Driving Professional from HEP's Driver Ed in a Box Store. A minimum of 7 hours must be behind-the-wheel with a TEA licensed instructor, 7 hours of observation of in-vehicle instruction, and an additional 20 hours of supervised practice (10 of which must be at night). These additional 20 hours may be done with a parent or you may pay an additional fee for the TEA licensed instructor to provide the instruction. This product is available at HEP's Driver Ed in a Box® Store for \$895 (this includes the minimum of 7 hours of the TEA certified instructor). Our course is more expensive than many driving schools because your child will drive either by

himself or with only **one** other student observing. Parents are welcome to ride along also.

Note: All Driver Ed in a Box Store prices are subject to change. Please check the webpage at www.driveredinaboxstore.com for up-to-date information!

English

Note: Our high school English classes **require** that the student know how to write a 5-paragraph essay. We teach this skill in English 8 and The Five-paragraph Essay Workshop in the summer.

See the Classical School for more Elementary and Middle School English classes.

New Course!

Emergent Reader's Group (Pre-K and K) - Debbie Schwander; Thursday; 9/2-11/18 and 1/20-4/14/11; 12-1:15pm. This class, taught by a reading specialist is for pre-K and K children ready to read and who also already know their alphabet. Parents will attend class with their children. Mrs. Schwander will work with the children the first 45 minutes on the alphabet, phonics and sight words as well as other reading-readiness skills. During the last 15 -20 minutes, Mrs. Schwander will work directly with the parents to coach them on reading instruction and answer questions.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

New Course!

Basic Reader's Group (1st-3rd Grades) - Debbie Schwander; Thursday; 9/2-11/18 and 1/20-4/14/11; 1:15 - 2:30pm. This class, taught by a reading specialist is for children in 1st-3rd grades that need additional help with reading. Parents will attend class with their children. Mrs. Schwander will work with the children on the alphabet, phonics and sight words as well as other reading-readiness skills. Mrs. Schwander will coach parents on reading skills, curriculum choices and how to assess specific reading problems (decoding, comprehension, fluency, etc.) and then how to provide instruction for those issues.

New Course!

Writing Adventures for Grades 2 and 3 – Amy Kremling; Wednesdays; 9/1-11/17/10 and 1/19-4/13/11; 10:45-12:15pm. Students will engage in hands-on, interactive grammar lessons to lay a strong foundation for understanding English language patterns. These patterns will be used to teach sentences structure and paragraph development. Vocabulary enrichment - also tied to the grammar lessons - will be strongly supported in order to foster creativity and complexity in their writing. The class will cover basic word study (nouns, verbs,

etc.), basic punctuation, and sentence analysis (subject, predicate, prepositional/adverbial phrases, compound sentences). Students will be taught to use their concrete knowledge of grammar to edit and improve their own writing. The writing portion of the class will introduce a variety of organizational skills in order for writing to be clear and concise through fun, creative assignments. These organizational strategies will prepare them for the longer writing assignments they will encounter in the following grades. Required Textbooks: **Write Source** Textbook and Skill Book Grade 2 or 3 (depending on grade of child); Grammar Book: TBA.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

New Course!

Creative Writing and Storytelling for Grades 4 and 5 –

Kay Winemiller; Wednesdays; 9/1-11/17/10 and 1/19-4/13/11; 9-10:30am. This yearlong course which meets for 24 weeks will introduce the elementary aged child to fables, folklore, myths, fairy tales, and other kinds of literature from around the world. Students will write poetry and creative stories. The students will also work on oral presentation skills, vocabulary, sentence construction and grammar. Required Textbooks: none.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

English 6 – Kay Winemiller; Tuesdays; 8/31-11/16/10 and 1/18-4/12/10; 9-10:30am. This yearlong course which meets 24 weeks is an introduction to basic paragraph writing. Prewriting techniques and basic paragraph construction will be taught. Creative Writing and Expository Writing will be covered through several interesting projects. Students will learn how to use grammar and syntax to create complex sentences. Parents should teach spelling, grammar, and reading/literature at home. Required textbooks: Write Source 2005, Grade 6 (9780669507010) and VOCABULARY FROM CLASSICAL ROOTS Book 6, both available at HEP Bookstore.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

English 7– Celia Crotteau; Tuesdays; 8/31-11/16/10 and 1/18-4/12/10; 9-10:30am. This yearlong course which meets 24 weeks will cover grammar, vocabulary, literature, creative writing, and expository writing. Students will explore various paragraph types and the three paragraph essay. The literature studied will focus on 1 novel, several short stories, and poetry. Textbooks: BRIDGE TO TERABITHA (novel), Writing Book TBA, Jensen's VOCABULARY, and EASY GRAMMAR PLUS. Most books are available at the HEP Bookstore.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

English 8 – Joanne Juren; Tuesdays; 8/31-11/16/10 and 1/18-4/12/10; 9-10:30am. This yearlong course which meets 24 weeks will introduce the 5-paragraph essay and the literary essay. Students will complete two essays during the fall. During the spring semester, students will study three novels – THE PEARL, THE BRONZE BOW,

and REDWALL - and write a literary essay on each novel. Students will work on SAT vocabulary and writing skills. Textbooks: Writing Book TBA, VOCABULARY FROM CLASSICAL ROOTS, Book A; THE PEARL, THE BRONZE BOW, and REDWALL. Most of the books are available at the HEP Bookstore.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

English 9 – Celia Crotteau; Tuesdays; 8/31-12/7/10 and 1/11-4/19/11; 10:45-12:45pm. This yearlong course meets for 28 weeks. Students will continue developing their 5 paragraph essay writing techniques, vocabulary skills, and oral presentation skills. Each semester counts as ½-credit on the high school transcript. Textbooks: DIARY OF ANN FRANK; THE MIRACLE WORKER, THE HOUSE ON MANGO STREET (novel), FORMAT WRITING, VOCABULARY FROM CLASSICAL ROOTS Book B, MORE READING COMPREHENSION THROUGH VARIED SUBJECT MATTER #1 (all available at HEP Bookstore).

Cost: \$570; after 7/4 \$580; after 8/4 \$590

English 10 – Celia Crotteau; Tuesdays; 8/31-12/7/10 and 1/11-4/19/11; 1:30-3:45pm. The focus of this yearlong course which meets 28 weeks will be on literature, strong paragraph writing and multiple paragraph essay compositions, reading comprehension, and vocabulary skills. Students should know how to write a 5-paragraph essay. Textbooks available from HEP Bookstore: THE GIVER, JULIUS CAESAR, Writing Book TBA, VOCABULARY FROM CLASSICAL ROOTS BOOK C, MORE READING COMPREHENSION THROUGH VARIED SUBJECT MATTER #2 (all available from HEP Bookstore). Each semester counts as ½-credit on the high school transcript.

Cost: \$570; after 7/4 \$580; after 8/4 \$590

English 11 – Karen Freeman; Tuesdays; 8/31-12/7/10 and 1/11-4/19/11; 2:45-5pm. This yearlong course meets 28 weeks and will focus on American Literature, 5 paragraph essay compositions, a research paper, reading comprehension, and vocabulary skills. Students must know how to write a 5-paragraph essay. Textbooks available from the HEP Bookstore: BJU American Literature (11th grade) textbook, Writing Book TBA, VOCABULARY FROM CLASSICAL ROOTS D, MORE READING COMPREHENSION THROUGH VARIED SUBJECT MATTER #3, and other paperback books (get list from instructor). Each semester counts as ½-credit on the high school transcript.

Cost: \$570; after 7/4 \$580; after 8/4 \$590

English 12 – Karen Freeman; Wednesdays; 9/1-12/8/10 and 1/12-4/20/11; 1:15-3:30pm. This yearlong course which meets 28 weeks will focus on British Literature, essay exams, the research paper, critical reading skills, and vocabulary skills. Students must know how to write a 5-paragraph essay. Textbooks: BJU BRITISH LITERATURE (12th grade) textbook, VOCABULARY FROM CLASSICAL ROOTS E; MORE READING COMPREHENSION THROUGH VARIED SUBJECT MATTER #4 and Writing Book TBA. Each semester counts as ½-credit on the high school transcript.

Cost: \$570; after 7/4 \$580; after 8/4 \$590

Honors Students must present a written recommendation from the previous teacher in order to enroll in Word in Season. Please have the recommendation at enrollment time.

WORD IN SEASON – YEAR I – ANCIENT TIMES (Creation – 476A.D.)

- 9th Grade Honors English/History – Celia Crotteau; 8/16-12/13/10 and 1/10-5/2/11; 1-4pm. This yearlong course which meets for 32 weeks traces the history of ideas regarding western culture. The purpose of this course written by Pat McFarlane is to acquaint students with the Judeo-Christian foundations of western culture. It is essential for students to have some understanding of the roots of their culture in order to respond from a biblical perspective to the present-day mores and philosophies. The first semester will focus on creative-writing and the second semester focuses on Expository Writing – Descriptive, Narrative, Explanatory, and Persuasive paragraphs/essays. Textbook: A WORD IN SEASON CD 1, VOCABULARY FROM CLASSICAL ROOTS B, Writing Book TBA, STREAMS OF CIVILIZATION, Book 1 (available through HEP of TX) and the NIV Bible (required). This course counts as Honors English I, Ancient History, and Bible.

Cost: \$775; after 7/4 \$785; after 8/4 \$795.

WORD IN SEASON – YEAR II – GREEK AND ROMAN

TIMES/MEDIEVAL TIMES - 10th grade Honors English/History –

Joanne Juren; Mondays; ; 1-4pm. This yearlong course which meets for 32 weeks emphasizes the history of the early Church, followed by Medieval

Times. Western culture is a blend of Judeo-Christian traditions recorded in the Old and New Testaments and the Greco-roman pagan traditions of Greek and Roman Literature. Readings for this course include passages from the New Testament and selections from ancient and medieval literature. This year's writing will focus on learning well-developed expository writing: advanced expository paragraphs with sub-topic sentences, and various college essay formats. Textbook: A WORD IN SEASON CD's 2/3 (available through HEP Bookstore), BJU World History textbook, VOCABULARY FROM CLASSICAL ROOTS C, A POCKET STYLE MANUAL, Writing Book TBA, and the King James Bible. This course counts as Honors English 2 and Honors World History. Each section will be limited to 15 students.

Cost: \$775; after 7/4 \$785; after 8/4 \$795.

Section 1: Mondays; 8/16-12/13/10 and 1/10-5/2/11; 1-4pm

Section 2: Thursdays; 8/26-12/16/10 and 1/13-5/5/11; 1-4pm

WORD IN SEASON – YEAR III – THE RENAISSANCE AND

REFORMATION/THE AGE OF REASON – 11th grade Honors

English/ History - Karen Freeman; Mondays;; 1-4pm. This third year meets for 32 weeks. The first semester is an extensive survey of the history and literature of the **Renaissance & Reformation** period and the second semester, **The Age of Reason**, looks in depth at the philosophies of the Enlightenment which led to the birth of America. Various genre begun in this age are also explored, e.g. journalism. The first semester will focus on Biblical exposition and the college history essay; the second semester on journalism, satire, and six methods of paragraph development. Textbooks: A WORD IN SEASON CD's 4/5 (available through HEP Bookstore); BJU World History Book; Writing Book TBA, A POCKET STYLE MANUAL, VOCABULARY FROM

CLASSICAL ROOTS D. This course counts as Honors English 3 and Honors American History. Each section will be limited to 15 students.

Cost: \$770; after 7/4 \$780; after 8/4 \$790.

Section 1: Mondays; 8/16-12/13/10 and 1/10-5/2/11; 1-4pm

Section 2: Thursdays; 8/26-12/16/10 and 1/13-5/5/11; 9- noon

WORD IN SEASON – YEAR IV – THE AGE OF ROMANTICISM/MODERN TIMES –12th grade Honors English/History

- Karen Freeman; Mondays; 8/16-12/13/10 and 1/10-5/2/11; 10:00-Noon.

This 32-week course offers an in-depth look at Romanticism in Europe, England, and America. It also covers European and American Realism and Naturalism in both the Victorian Era in England and during Modern Times. The fall semester writing will focus on critical analysis and the spring semester on research and text documentation. Focus will be given to understanding the methods of Literature through the study of History with developments to challenge the CLEP test. Textbooks: A POCKET STYLE MANUAL, Writing Book TBA, VOCABULARY FROM CLASSICAL ROOTS E, and the BJU World History Textbook. This course counts as Honors English 4.

Cost: \$570; after 7/4 \$580; after 8/4 \$590

Foreign Language

MODERN LANGUAGES/SIGN LANGUAGE

Elementary Spanish Level 1 (grades 4-6th) - Charles DuRapau; Monday/Wednesdays; 8/30-12/13/10 and 1/10-4/20/11; 1-2pm.

Elementary Spanish is for beginners. Students will acquire language through commands, actions, storytelling, and playing games while using Spanish. Emphasis is placed on acquiring vocabulary and grammatical structures through language teaching methodology focusing on comprehensible input. Techniques used include TPR (Total Physical Response), TPRS (Teaching Proficiency through Reading and Storytelling), games, long-term memory techniques, acting, storytelling, reading, translation and conversation.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

CLASSICAL LANGUAGES

New Course!

Elementary Latin (Grades 5-7) - Bill Barr; Tuesday/Thursdays; 8/31-12/9/10 and 1/11-4/21/11; 1-2 pm. This course introduces students to the study of Latin. The course will focus on vocabulary and English derivatives. Students will read Latin stories from history that are geared toward the grammar and vocabulary being learned in the Primer. The activity book has fun games and puzzles that will help these younger students learn Latin.

Textbook: Classical Academic Press **Latin for Children** Book A, Reader A, and Activity Book A. The Chant CD is optional.

Cost: \$475; after 7/4 \$485; after 8/4 \$495

High School Latin 1 (grades 8-12) – Bill Barr; Tuesday/Thursday; 8/31-12/9/10 and 1/11-4/21/11 10:45-12:15pm. A rigorous first year course in Latin, this class is designed for high school students with little or no Latin background or for mature junior high students. The readings include selections from both Classical and Christian authors from which the student will learn Christian prayers, Bible verses and Roman history. Musical selections from *Lingua Angelica* will allow students to learn songs originally written in Latin. Texts: Henle, Robert J., S.J., *First Year Latin*, Loyola Press, 1958; Henle, Robert J., S.J., *Latin Grammar*, Loyola Press, 1958; Latin Chant Sets.

Cost: \$595; after 7/4 \$605; after 8/4 \$615

New Course!

Biblical Greek (9-12th grades) – Bill Barr;

Tuesday/Thursday; 8/31-12/9/10 and 1/11-4/21/11; 2:15-3:45pm. The aim of the course is to equip students, young people and adults, to look through a Greek text or Interlinear Translation of the Bible and understand not only what is said, but also what is actually meant by the text. All ancient Greek courses are Greek for Dummies. As an inducement to persevere when the going gets tough, chapters in the text begin with insights into scriptural passages, succinct reminders of why the instruction is of importance to student and instructor alike. Language acquisition proceeds through inductive instruction and learning the complexities of Greek grammar. The basis for classroom work lies in parsing, discerning patterns, reviewing rules and correctly interpreting the Greek texts, usually from a New Testament passage. As well, the class will be exposed to English translations from passages in the Greek New Testament and the Septuagint in simple exegetical exercises. Daily lessons are reinforced through workbook assignments keyed to the assigned text. While Biblical Greek is neither taught by a genius nor meant only for the extraordinary pupil, this is a demanding course. The potential for application in life is great, and the rewards are obvious to the Christian student. May God bless us in learning His words. Textbooks: W.D. Mounce's [Basics of Biblical Greek Grammar](#), along with the [Basics of Biblical Greek Workbook](#) and flash cards. This course may be counted as ½-credit per semester on the high school transcript.

Cost: \$575; after 7/4 \$585; after 8/4 \$595

Logic

Formal Logic –Bill Barr; Tuesday; 8/31-11/16/10 and 1/18-4/12/11; 9:30-

10:30am. This two semester course covers Formal Logic and Advanced Formal Logic. Formal Logic is a study of the form or structure of reasoning. In this first semester of a four semester series, we will begin with the definition of Logic and the components of an argument. This will lead us into the study of Apprehension (term), Judgment (proposition), and Deductive Inference (syllogism). The spring semester covers the four figures of the traditional syllogism, the three forms of rhetorical arguments (called enthymemes), the three kinds of hypothetical syllogisms, the four kinds of complex syllogisms, as well as relational arguments. Textbooks: **Traditional Logic I** and **Traditional Logic II**, both by Martin Cothran, which may be purchased at the HEP Bookstore. Each semester counts as ½-credit on the high school transcript.

Cost: \$450; after 7/4 \$460; after 8/4 \$470

New Course!

Material Logic/Rhetoric - Bill Barr; Thursday; 9/2-

11/18/10 and 1/20-4/14/11; 9:30-10:30am. This two semester course covers Material Logic and Rhetoric. Formal Logic studies the form or structure of reasoning, the "how" of reasoning. Material Logic studies the "what." Material Logic, studied during the first semester, is a

Aristotle

“thinking” skills course. During the second semester, using Aristotle's **Rhetoric**, students will study the fundamental principles of political philosophy, ethics, and traditional psychology. **Textbooks: Material Logic** and **Rhetoric**, both by Martin Cothran, and **Rhetoric**, by Aristotle, are available at the HEP Bookstore. Each semester counts as ½-credit on the high school transcript.

Cost: \$470; after 7/4 \$480; after 8/4 \$490

Math

HEP of Texas is proud to present Dr. Miles Jones' Accelerated Math Program. All Accelerated Math supplies are available at the HEP Bookstore and one kit must be purchased for each semester. The kits have a single user (family) license. HEP classes are offered as a yearlong course. **Dr. Jones has changed his program's name to: Dr. Jones' Geniuses Accelerated Math Program (formerly SUPER-MATH).**

PARENTS SHOULD ATTEND CLASSES!

Accelerated Math Three: Facts-Master – Paige McFall. For students who understand addition and subtraction concepts although their skills may be far from perfect. They will master all basic skills, borrowing, carrying, multiplication, and division concepts, as well as rapid calculation skills and memory training. By the end of this course, students who began not knowing how to multiply will be doing many advanced math computations faster than an electronic calculator! Prerequisite: Must understand addition/subtraction concepts. To graduate: Facts-Master ribbon in add/sub.

Accelerated Math Four: Grand Facts-Master – Paige McFall. In this program (2nd semester following Math Three), students will complete mastery of basic skills and advance into powers, derivation of roots, introduction to fractions, and decimals. Students will also continue in acquiring rapid calculation skills. Prerequisite: Accelerated-Math Three. To graduate: Grand Facts-Master award. Fast Track: Advance directly to Math Six with Factor-Master award!

Accelerated Math 3 & 4 - Mondays; 8/30-11/29 and 1/17-4/11/11; 1:30-3pm

Cost: \$550; after 7/4 \$560; after 8/4 \$570

Accelerated Math Five: Factor-Master – Paige McFall. For teens and advanced pre-teens who can already multiply and divide. The course teaches mastery of all math operations; powers, factoring, and signed numbers. Students continue to increase their knowledge of fractions, rapid calculation skills, and memory training.

Accelerated Math Six: Fraction-Master – Paige McFall. In the second semester, following Math Five, students will master factoring, powers, roots, signed numbers, advanced calculation skills and all 8 operations

with fractions. If they achieve their Fraction-Master award they will be allowed to skip Math Seven and enter Accelerated-Math Eight, algebra and geometry.

Accelerated Math 5 & 6 - Mondays; 8/30-11/29 and 1/17-4/11/11; 3:15-4:45pm
Cost: \$550; after 7/4 \$560; after 8/4 \$570

Accelerated Math Seven: Rapid Calculation – Cheryl Red. This course is for students who have already done operations with fractions. They will master all math operations; including factoring, powers, roots, memory training, fractions, and advanced rapid calculation skills. This is a pre-algebra course for those moving on to Math Eight. This course meets for 14 weeks and for 2 hours per week.

Accelerated Math Eight: Equation-Master – Cheryl Red. The Math Eight course teaches basic algebra and geometry. The course integrates Accelerated-Math rapid calculation skills into the solving of all types of equations. Memory training will include memorizing the Periodic Table of the Elements. **This is an SAT preparation course.** This course meets for 14 weeks and for 2 hours per week.

Accelerated Math 7 & 8 - Fridays; 9/3-12/10 and 1/14-4/29/11; 10:45-12:45pm
Cost: \$550; after 7/4 \$560; after 8/4 \$570

Accelerated Math Nine/Ten – SAT Test Prep – Cheryl Red. These two courses review all of the different types of math problems on the SAT test. Students who have not had previous Super-Math experience will learn many of the rapid calculation skills taught in the other courses. This is a super course to take the year before you plan on taking the SAT!

Accelerated Math 9 & 10 - Fridays; 9/3-11/19 and 1/21-4/15/11; 9-10:30am
Cost: \$550; after 7/4 \$560; after 8/4 \$570

New Course!

Saxon Math 8/7 (7th grade) – Paige McFall; Wednesdays; 8/25-12/15/10 and 1/12-5/4/11; 1-2:30pm. This yearlong course, which meets 16 weeks in the fall and spring, covers the Saxon 8/7 textbook in a classroom setting. This course focuses on decimals, ratios, percents, and word problems with lessons on Pre-algebra. Students must work daily at least 5 days a week on their math homework. Only this type of systematic practice will produce a good grade. Most students who try to complete all work in only 1 session a week are doomed to fail. Parents are to supervise the timely completion of all homework assignments. The teacher will test on a regular basis. This is a 7th grade course.
Cost: \$550; after 7/4 \$560; after 8/4 \$570

Algebra ½ - Saxon (grades 7 up) – Linda Hendrix; Tuesdays; 8/24-12/14/10 and 1/11-5/3/11; 1-2:30pm. This yearlong course, which meets 16 weeks in the fall and spring, covers the Saxon Pre-Algebra textbook. Students must work daily at least 5 days a week on their math homework. Only this type of systematic practice will produce a good grade. Most students who try to complete all work in only 1 session a week are doomed to fail. Parents are to supervise the timely completion of all homework assignments. The teacher will test on a regular basis. Strong 7th graders may take this course.

Cost: \$550; after 7/4 \$560; after 8/4 \$570

NOTE: HEP does not offer Geometry as a separate course since the Saxon program integrates Geometry into its Algebra 1, Algebra 2, and Advanced Mathematics courses. Students who complete these three courses will be prepared for the SAT test.

Algebra I – Saxon (grades 8 up) – Cheryl Red; Tuesdays; 8/24-12/14/10 and 1/11-5/3/11; 9-10:30am. This yearlong course, which meets 16 weeks in the fall and spring, covers the Saxon Algebra Textbook in a classroom setting. Students are encouraged to study all lessons before coming to class so that they may participate in the class discussion. Students must work

daily at least 5 days a week on their math homework. Only this type of systematic practice will produce a good grade. Most students who try to complete all work in only 1 session a week are doomed to fail. Parents are to supervise the timely completion of all homework assignments. The teacher will test on a regular basis. Each semester counts as ½-credit on the high school transcript.

Cost: \$550; after 7/4 \$560; after 8/4 \$570

Algebra II – Saxon - Linda Hendrix; Tuesdays; 8/24-12/14/10 and 1/11-5/3/11; 8:30-10:25am. This yearlong course, which meets 16 weeks in the fall and spring, covers Algebra II and Geometry in a classroom setting. Students are encouraged to study all lessons before

coming to class so that they may participate in the class discussion. Students must work daily at least 5 days a week on their math homework. Only this type of systematic practice will produce a good grade. Most students who try to complete all work in only 1 session a week are doomed to fail. Parents are to supervise the timely completion of all homework assignments. The teacher will test on a regular basis. Each semester counts as ½-credit on the high school transcript.

Cost: \$575 after 7/4 \$585; after 8/4 \$595

Honors Advanced Mathematics – Saxon - Linda Hendrix; Tuesdays; 8/24-12/14/10 and 1/11-5/3/11; 10:30-12:30. This yearlong course, which meets 16 weeks in the fall and spring, covers the Saxon Advanced Mathematics textbook in a classroom setting. Students are encouraged to study all

lessons before coming to class so that they may participate in the class discussion. Students must work daily at least 5 days a week on their math homework. Only this type of systematic practice will produce a good grade. Most students who try to complete all work in only 1 session a week are doomed to fail. Mrs. Hendrix will teach students how to use a graphing calculator! This course is great preparation for the SAT! Each semester counts as ½-credit on the high school transcript; students with an A or B in

the course may count it as an honors course.

Cost: \$575; after 7/4 \$585; after 8/4 \$595.

New Course!

Consumer Mathematics – Paige McFall; Tuesdays; 8/24-12/14/10 and 1/11-5/3/11; 2:45-4:15pm. This yearlong course will cover the BJU Consumer Mathematics Course. This course will help prepare every student for life as an adult. This course is for both the student who struggles with math and for the math

wiz! Each semester counts as ½-credit on the high school transcript Textbook: BJU Consumer Mathematics (available at the HEP Bookstore). This course coupled with Algebra 1 and 2 fulfills the minimum high school math credit requirement for college. This course may also be counted as an elective credit.

Cost: \$470; after 7/4 \$480; after 8/4 \$490

Science

See the Thursday Classical School for elementary science classes.

Engineering and Robotics Learned Young (EARLY) – Dr. Valerie Hanka; Fridays; 3:15-4:45pm; (plus several additional practice times to prepare for competition). EARLY is a program that exposes our youth to engineering. EARLY provides 7 to 12 year olds the opportunity to

participate in a **robotics competition on a lower level**. The competition robots are built from LEGO® Simple Machines kits and remote controlled by the children. EARLY team members have a bright future with the skills necessary to participate in robotics competitions such as FIRST LEGO® League. Each season, EARLY teams are given a new mission that they complete by building a motorized robot from LEGOS®. The team will learn about gears, motors, motion, structures, teamwork, critical thinking, good sportsmanship, and more. This class is strictly limited to 8 students, and admission is limited to instructor approval. Students and parents must commit to attending the competition as the team is depending on you! Parents are invited to attend classes, learn about the competition, and help coach/chaperone! T-shirt required; cost is approximately \$10.

Cost: \$375; after 7/4 \$385; after 8/4 \$395

Robotics/Engineering Team - Elaine Stephens; Fridays; 3:15-4:45pm; (plus several additional practice times to prepare for competition). Ready for more robotics? Robotics club will build on the foundation of the robotics clubs and camp. The club will compete as a FIRST Lego League team in the fall and a RoboFest team in the spring. Expand your robotics skills with more building, more programming, and more strategy. Learn and practice science and engineering skills with Legos and other materials. Learn how to use the Lego sensors and how to program your robot more effectively. Competition dates are TBD and are on a Saturday in the Houston area. Ages: 8-14 years old. Pre-requisite for joining: previous competition team member or attended robotics camp. The class is limited to 8 students, and admission is

limited to instructor approval. Parents are invited to attend classes, learn about the competitions, and help coach/chaperone! T-shirt required; cost is approximately \$10.
Cost: \$375; after 7/4 \$385; after 8/4 \$395

New Course!

High School Robotics/Engineering Team – Elaine Stephens; alternate Saturdays 10:30-2:30 (dates to be determined by instructor and students). Students aim to build the most innovative robots possible and work together to obtain the most points possible using a VEX robotic kit. In addition to just having a great time and building amazing robots, through their participation in the VEX Robotics Competition in the fall and the Robofest Competition in the spring, and their work within their team, students will learn many academic and life skills. Students will program their robots for the spring project using the RobotC language. The class is limited to 8 students and admission is limited to instructor approval. Polo is required; cost is approximately \$20 per year.

Cost: \$450; after 7/4 \$460; after 8/4 \$470

Life Science (7th grade science) – Cheryl Red; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 10:45-12:15pm. This yearlong course will use the 7th grade BJU Life Science book. The class will cover the textbook material through a variety of activities including experiments, oral presentations, and projects. The teacher will administer her own tests, grade homework, and supervise lab experiments. The parent should supervise the timely completion of all reading assignments, homework, and preparation for unit tests. Materials required: BJU Life Science textbook; notebook; colored pencils (available at HEP Bookstore). Cost of the course includes dissection specimens.

Cost: \$490; after 7/4 \$500; after 8/4 \$510

Earth/Space Science (8th grade science) – Elaine Stephens; Wednesday; 9/1-11/17/10 and 1/19-4/13/11; 3:15-5pm; This yearlong course will use the Bob Jones Earth/Space Science Textbook. The class will cover the textbook material through a variety of activities including experiments, oral presentations, and projects. The teacher will administer her own tests, grade homework, and supervise lab experiments. The parent should supervise the timely completion of all reading assignments, homework, and preparation for unit tests.

Materials required: BJU Earth/Space Science Book; notebook; colored pencils (available at HEP Bookstore).

Cost: \$490; after 7/4 \$500; after 8/4 \$510

Physical Science (8-12th graders) – Elaine Stephens; Tuesday; 8/31-11/16/10 and 1/18-4/12/11; 3:15-4:45pm. This yearlong course will use the BJU Physical Science textbook. Science concepts will be taught using a variety of methods including: lecture, oral presentations, demonstrations, labs, and projects. Students will be required to write 6 formal lab reports using the book HOW TO WRITE LAB REPORTS. The teacher will administer her own tests, grade homework, and supervise lab experiments. All lab materials are included in the price of the course. The parent should supervise the timely completion of all reading assignments, homework, and preparation for unit tests. Each semester counts as ½-credit on the high school transcript. Textbook: **BJU Physical Science** Textbook and Lab Manual and **How to Write Lab Reports** (available at HEP Bookstore).

Cost: \$490; after 7/4 \$500; after 8/4 \$510

NOTE: Students who complete Biology 1 and 2 will be ready to take the Biology AP Test.

Biology 1 (grades 8 and up) – Cheryl Red. This course will cover the Apologia biology textbook and provide a hands-on lab experience for most chapters. Students will be required to write 9 formal lab reports. This class meets 16 weeks in the fall and spring. This course fills up quickly and is limited to 14 students. Cost includes all lab specimens. The teacher will administer her own tests, grade homework, and supervise lab experiments. The parent should supervise the timely completion of all reading assignments, homework, and preparation for unit tests. This course counts as ½-credit per semester on the high school transcript. Textbook: Exploring Creation with Biology and Lab Book (available at HEP Bookstore) .

Cost: \$570; after 7/4 \$580; after 8/4 \$590

Section 1: Wednesdays; 8/25-12/15/10 and 1/12-5/4/11; 2-4:30pm

Section 2: Thursdays; 8/26-12/16/10 and 1/13-5/5/11; 9:30-NOON

New Course!

Honors Biology 2 (grades 9 and up) – Dr. Valerie Hanka; Fridays; 8/27-12/17/10 and 1/14-5/13/11; 11:30-2:30pm. Advanced Biology, a yearlong course, covers the Apologia Advanced Biology curriculum. Taught by a M.D., the course will provide a comprehensive course in Anatomy and Physiology. Students must have completed Biology 1 with a C or better average. Students who complete Biology 1 and 2 will be ready to take the Biology AP Test. Students will be required to complete formal lab reports. Students will use the A.D.A.M. Dissection on-line program for dissection labs. This class will meet for 16 weeks in the fall and 16 weeks in the spring. The three hour class will include lecture, problem solving, and labs. Parents will be responsible for overseeing the completion of all assignments at home. This course counts as 1/2 credit per semester on the homeschool transcript. Cost of the course includes the on-line A.D.A.M. program, which the student will be able to access at home to continue working.

Cost: \$670; after 7/4 \$680; after 8/4 \$690

NOTE: Students who complete Chemistry 1 and 2 will be ready to take the AP Test.

Chemistry 1 (grades 9 and up; Alg. 2 concurrently enrolled) – Cheryl Red; and every other Friday for 1 hour study session from 9-10am. (Study session schedule to be provided by Mrs. Red.) This yearlong course will cover the Apologia chemistry textbook and provide a hands-on lab experience for most chapters. Students will be required to complete formal lab reports from the book HOW TO WRITE MORE LAB REPORTS. This class will meet for 16 weeks in the fall and 16 weeks in the spring. The three hour class will include lecture, problem solving, and labs. There will also be a study session every other Friday. Parents will be responsible for overseeing the completion of all assignments at home. This course counts as 1/2 credit per semester on the homeschool transcript. It is **mandatory** that the student be enrolled in Algebra 2 or have completed Algebra 2 successfully before taking Chemistry. Textbook: Apologia Chemistry and Lab Book (available at HEP Bookstore).

Cost: \$625; after 7/4 \$635; after 8/4 \$645

Section 1: Tuesdays; 8/24-12/14 and 1/11-5/3/11; 1-4pm

Section 2: Wednesdays; 8/25-12/15/10 and 1/12-5/4/11; 10:30-1:30pm

New Course!

Honors Chemistry 2 (grades 10 and up; Chemistry 1/Algebra 2 are pre-requisites) – Cheryl Red; Thursdays; 8/26-12/17-1/13-5/5/11; 1-4pm. This yearlong course will cover the Apologia Advanced Chemistry textbook and provides a hands-on lab experience for most chapters. Students will be required to complete formal lab reports. This class will meet for 16 weeks in

the fall and 16 weeks in the spring. The three hour class will include lecture, problem solving, and labs. There will also be a study session every other Friday. Parents will be responsible for overseeing the completion of all assignments at home. This course counts as 1/2 credit per semester on the homeschool transcript. Students who successfully complete Chemistry 1 and 2 will be ready to take the AP Chemistry Test. Textbook: Apologia Advanced Chemistry and Lab Book (available at HEP Bookstore).

Cost: \$625; after 7/4 \$635; after 8/4 \$645

New Course!

AP Physics (grades 10-12; Concurrent Enrollment in Advanced Math Recommended) – Linda Hendrix; Wednesdays, 8/25-12/15/10 and 1/12-5/4/11; 10:30-1:30pm. Saxon Physics is an AP/Honors course. Students who successfully complete this course will be ready to take the AP Physics course for college credit. This class will meet for 16

weeks in the fall and 16 weeks in the spring. The three hour class will include lecture, problem solving, and labs. Parents will be responsible for overseeing the completion of all assignments at home. This course counts as 1/2 credit per semester on the homeschool transcript. Textbook: **Saxon Physics** (available at HEP Bookstore).

Cost: \$625; after 7/4 \$635; after 8/4 \$645

Social Science

See the Thursday Classical School for elementary history classes.

American History (grades 10-12) – Karen Freeman; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 10:45-12:15pm. Following in the footsteps of the first people, the first strains of freedom, the first steps on the moon...American History is more than just yesterday, it is today, and tomorrow too. Meeting 24 weeks, the first semester covers America prior to 1877, and the second half from 1877 forward. Class discussions, films, group projects and presentations will make the class interesting. This class counts 1 credit on the high school transcript. Textbook: BJU American History (available at the HEP Bookstore). **Cost:** \$470; after 7/4 \$480; after 8/4 \$490

Government and Economics (grades 11-12) – Karen Freeman; Wednesdays; 9/1-12/8/10 and 1/12-4/20/11; 9:00-10:30am. The Government half of the course focuses on the various institutions of the Federal Government, including: The Constitution and Foundations of Govt., Political Behavior/Participation, Institutions of National Government, Civil Liberties and Civil Rights, and State and Local Government. The Economics half of the course focuses on how society, governments, history and international affairs affect our standard of living and the family budget. This course has a Capitalist bias and encourages appreciation of the entrepreneur. Practical application and research projects enhance the theories. The purpose of the course is to stimulate awareness and create a participating citizen and give older teens information they can use to succeed in their careers and investments. Each semester of this 28 week class counts as ½-credit on the high school transcript. Textbooks: Nottgrass GOVERNMENT and PENNY CANDY (available at the HEP Bookstore). **Cost:** \$570; after 7/4 \$580; after 8/4 \$590

Psychology (grades 9-12) – Karen Freeman; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 1-2:30pm. Wonder why you prefer certain colors? Want to break a habit? The study of Psychology will delve into the realm of the mind where these answers lurk. Students need a notebook and journal and will conduct experiments at home. Limited section on abnormal Psychology will be presented. Each semester counts as ½-credit on the high school transcript. **Cost:** \$470; after 7/4 \$480; after 8/4 \$490

Texas History for Middle School (6-8th grades) – Kay Winemiller; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 10:45-12:15pm. Just like the state itself, the history of Texas is wide and all encompassing. Learn about the characters, customs, and food that came together to make this the greatest state in the Union. From the wide Panhandle Plains and Texas Hill Country to the beaches of Padre, this is Texas! This yearlong course will be an exciting adventure as the students use a variety of hands-on-learning activities such as art, games, and food to study history. Textbook: The Texas God Created and True Tales of Texas (available at the HEP Bookstore). **Cost:** \$470; after 7/4 \$480; after 8/4 \$490

World History (8th-12th grades) – Karen Freeman; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 9-10:30am. From ancient civilizations to the modern world, students will trace man’s footsteps as he walks across time. History will come alive as students participate in class discussion, group projects, and oral presentations during this 24-week course. This course counts as 1 credit on the high school transcript. Textbook: BJU World History (#225052 available at the HEP Bookstore).

Cost: \$470; after 7/4 \$480; after 8/4 \$490

World Geography (9-12th grades) – Karen Freeman; Wednesdays; 9/1-11/17/10 and 1/19-4/13/11; 10:45-12:15pm. During this yearlong course, students will learn to identify bodies of land and water, countries and various physical features throughout the world. They will study the various cultures and peoples who inhabit the earth. This course teaches geography through map-making. Students will create maps of all the continents, countries, and major cities of the world. As the students journey through each continent, they will experience culinary delights as each student will research and prepare a delicious treat from each continent. The course will also include small individual projects as well as class projects, oral reports, a topography map project, and a COUNTRY RESEARCH PROJECT (Project Fair Quality). Each semester counts as ½-credit on the high school transcript. Textbooks: MAPPING THE WORLD BY HEART LITE available at the HEP Bookstore.

Cost: \$470; after 7/4 \$480; after 8/4 \$490

Speech/Debate

Middle School Speech and Drama (grades 6-8) - Joanne Juren; Tuesdays; 8/31-11/16/10 and 1/18-4/12/11; 1:15-2:45pm. This yearlong course will cover: Poetry Reading; Prose Reading; "How-to," "Sales Pitch," and "Current Event" Speeches; Impromptu Speaking; Listening Skills; Dramatic Interpretation; Group Discussion Skills; Debate; and an introduction to Logic. This fun course is an introduction to public speaking and we guarantee that your student will gain self-confidence while having a blast! Textbooks: FALLACY DETECTIVE and ACTING AND THEATER (available at the HEP Bookstore).

Cost: \$470; after 7/4 \$480; after 8/4 \$490

High School Speech (grades 9-12) – Joanne Juren; Mondays; 8/30-12/13/10; 10:45-12:15pm. This semester long course is dedicated to teaching public speaking skills. Taught by an experienced speech and debate coach, this class which meets for 14 weeks will prepare even the shy student to be able to speak in public situations. Students will present a variety of impromptu as well as prepared speeches. There will be one major project during the semester. Students will also learn how to constructively critique other students and how to accept constructive critique. Speech counts as ½-credit on the high school transcript. Textbook: BJU Speech (new edition) – available at the HEP Bookstore. Each class is limited to 12 students.

Cost: \$305; after 7/4 \$315; after 8/4 \$325

Introduction to Debate (grades 7-12) – Joanne Juren; Mondays; 1/10-4/18/11; 10:45-12:15pm. This semester long course is dedicated to teaching the principles of debate theory, with specific emphasis on team policy debate. Taught by an experienced speech and debate coach, this class which meets for 14 weeks will prepare students to participate in NCFCA debate tournaments. For those not interested in competitive debate experience, it will provide a solid foundation in debate theory. Students will research the current NCFCA topic and will participate in class debates. Research skills, teamwork experience, and speaking skills are just a few of the benefits gained from this academic pursuit! This class counts as ½-credit on the high school transcript. No previous speech experience is required, though the High School or Middle School Speech classes will provide a strong background in the basics of public speaking. Textbook: **Strategic Debate** available at HEP Bookstore. Class is limited to 12 students.

Cost: \$305; after 7/4 \$315; after 8/4 \$325

Tournament Speech and Debate Club – Nancy Kelly, Fridays, 1-5pm. The HEP Tournament Speech and Debate Club prepares students for participation in the NCFCA Speech and Debate Tournaments. Interested students should visit the www.ncfca.org website to learn about all of the various events that students may enter. Only students who plan to attend the tournaments may participate. Other students who are not interested in attending tournaments should take one of the courses listed above under Speech/Debate. Please contact Mrs. Kelly at bluemarble@furstenerwerth.net for more information. There is no cost to be a member of the club. Students will have to pay NCFCA membership dues and all fees associated with any tournaments they attend. Students will also have to provide their own transportation to tournaments.

LEGAL NOTICES:

The price listed for each course is for the complete course. Please read the course descriptions and check the dates for the course to determine if the course is a yearlong or a semester long course.
