

IOWA Testing 3rd-8th grades - Mrs. Cheryl Red
Rooms 1, 3

CALCULATORS may be used. Bring it on Tuesday if you wish to use one. Test results actually show that using a calculator does not raise scores and is, in many cases actually a detriment, especially if the student is not familiar with using a calculator.

Students may bring a small snack to eat at break time. They should also bring a book or something quiet to do if they are completing their tests early.

Please do not allow students to bring phones or other electronic devices.

I expect results back around the end of May. They will be mailed or e-mailed directly to you, the parent.

Thank you for testing with HEP TX.
